Highlights

Patented sonic technology
Sonicare's unique dynamic action gently and effectively reaches deep between teeth and along the gumline.

Angled brush head neck
Uniquely angled brush head neck makes it easier to reach back teeth, removing plaque in those hard-to-reach areas.

Naturally whiter teeth
Dynamic Cleaning Action and direct broader contact with each tooth, has proven to remove everyday stains, to help keep teeth naturally whiter.

Safe and gentle
Your Sonicare is safe to use on: braces (brush heads wear out sooner when used on braces), dental restorations (fillings, crowns, veneers) and periodontal pockets.

Smartimer
Two-minute timer automatically tracks brushing time and turns the toothbrush off after two full minutes of brushing is complete.

Quadpacer
30 seconds interval timer indicates when you have completed each quadrant of your mouth and signals for you to move on resulting in more consistent cleaning throughout your mouth

Easy-start program
Gently increases power over first 14 uses to ease into the Sonicare experience

Clean and White Mode
2 minutes of Clean mode with an additional 30 seconds of White mode to focus on your visible front teeth. Removes everyday stains, such as coffee, tea, tobacco and red wine. Whitens teeth by 2 shades in just 2 weeks, with the regular use of the Clean & W

Clean Mode
Clean Mode: Standard 2 minute mode for outstanding clean

Sensitive Mode
Sensitive Mode: Gentle, yet thorough cleaning for sensitive gums
